

# LIZZ ULTEE, PHD

## EDUCATION

---

2018	<b>Ph.D., Climate Science</b> University of Michigan	Ann Arbor, Michigan
2013	<b>B.Sc.H., Specialist in Mathematical Physics</b> Queen's University	Kingston, Ontario

## ACADEMIC WORK

---

2018–	<b>Massachusetts Institute of Technology</b> Postdoctoral Associate, Dept. of Earth, Atmospheric, & Planetary Sciences. <i>Advisor:</i> Brent Minchew.
2014–2018	<b>University of Michigan</b> Graduate Research Assistant, Dept. of Climate & Space Sciences. <i>Supervisor:</i> Jeremy Bassis. Instructor, Residential College. Course Consultant, Office of Community-Engaged Academic Learning.
2010–2013	<b>Queen's University</b> Honours thesis research, Dept. of Physics, Engineering Physics & Astronomy. Tutor, Dept. of Mathematics & Statistics.
2011	<b>University of Toronto</b> Summer intern, Centre for Global Change Science. <i>Supervisor:</i> W. Richard Peltier.

## WORK IN PREPARATION

---

**Ultee, L.** and Bassis, J. N. ‘Direct simulation of calving retreat on 159 Greenland outlet glaciers with the SERMeQ model.’

→ Target journal: *Geophysical Research Letters*  
Status: Draft complete, refining wording  
Estimated submission timeline: Sept 2019

**Ultee, L.**, Meyer, C.R., Minchew, B. M., and Jóhannesson, T. ‘High fracture threshold stress for glacial ice deduced from observations of Eastern Skaftá Cauldron collapse.’

→ Target journal: *Journal of Glaciology*  
Status: Draft complete, refining with coauthors  
Estimated submission timeline: Sept 2019

## PRESENTATIONS

---

Ultee, L. (2019). Invited presentation for the October meeting of the Interagency Arctic Research Policy Committee’s Glaciers and Sea Level Team.

Ultee, L. (2019). ‘Fractura del hielo glaciar.’ Public lecture given in Spanish at Universidad Nacional de Ingeniería, Lima, Peru.

Ultee, L. (2019). ‘The solid-ice contribution to sea level rise from Greenland outlet glaciers, large and small.’ Seminar given at Woods Hole Oceanographic Institution, Woods Hole, MA.

Ultee, L., Minchew, B. M., Meyer, C. R., and Jóhannesson, T. (2018). ‘Cauldron collapse provides natural laboratory to constrain ice-fracture thresholds.’ *American Geophysical Union Fall Meeting 2018*, Washington, DC, USA.

Ultee, L. and Bassis, J. N. (2018). ‘Modelling the calving contribution to sea level from Alaska and Greenland.’ *POLAR2018*, Davos, Switzerland.

Ultee, L. (2018). ‘Glacial geoengineering.’ Workshop session for *Michigan University-wide Sustainability & Environment (MUSE)*, Ann Arbor, MI, USA.

Ultee, L. and Bassis, J. N. (2017). ‘Explicit simulation of networks of outlet glaciers to constrain Greenland’s sea level contribution.’ *American Geophysical Union Fall Meeting 2017*, New Orleans, LA, USA.

Ultee, L. (2017). ‘Little ice bodies, huge ice lands, and the up-going of the big water body.’ Up-Goer Five Challenge presentation at *American Geophysical Union Fall Meeting 2017*, New Orleans, LA, USA.

Ultee, L., Arnott, J. C., Bassis, J. N. and Lemos, M. C. (2017). ‘Shaping glaciology for sea-level adaptation.’ *Graduate Climate Conference*, Woods Hole, MA, USA.

Ultee, L. (2017). ‘Calving glacier networks simulated with a simple approximation.’ Research visit to Open Global Glacier Model development group, Bremen, Germany.

Ultee, L. and Bassis, J. N. (2016). ‘A model to constrain 21st-Century sea level rise from tidewater glaciers.’ *American Geophysical Union Fall Meeting 2016*, San Francisco, CA, USA.

**LEADING, ORGANISING & MENTORING WORK**

2017–2018	<b>Lead Conference Organizer</b> MUSE Initiative Recruited and led multi-disciplinary organizing committee for the 2018 Michigan University-wide Sustainability & Environment (MUSE) Conference. MUSE is a student-organized initiative to encourage cross-disciplinary conversation and collaboration on environmental problems; see: T. Logan & J. Arnott (2017). You've got the power. <i>Nature</i> <b>551</b> : 531. doi: 10.1038/d41586-017-07261-1	Ann Arbor, MI
2016–2017	<b>Community-Based Learning Consultant</b> U-M Office of Community-Engaged Academic Learning Assisted professor Sara Soderstrom to bring more community-engaged pedagogies to ENVIRON391: Sustainability & the Campus. Presented good case practices, gave input on syllabus design, and identified and coordinated partner organisations to offer student projects.	Ann Arbor, MI
2009–2017	<b>Exchange Student Liaison/Mentor</b> AFS Intercultural Programs Conducted monthly 1:1 check-ins to support personal growth of high school exchange students and their host families in Canada and the United States. Served as a cultural resource and mentor for American students preparing to depart on year-long exchange programmes to the Netherlands.	Canada & USA
2015–2016	<b>COP21 Delegate &amp; Volunteer Coordinator</b> Climate Blue Attended 2015 Paris climate negotiations with the U-M Official UNFCCC Observer delegation. Recruited and coordinated 20 student volunteers who supported the delegation and our outreach work (radio broadcasts, blog posts, newspaper articles, and a public symposium).	Paris, France & Ann Arbor, MI
2013–2014	<b>Vice President for Organisational Development</b> AIESEC UK Served on the UK executive of the world's largest youth-run organisation. Created national strategy for leadership development and volunteer engagement. Directly managed a team of seven, coached 25 local-level executives, and delivered >200 hours of workshops.	London, England

## PUBLIC ENGAGEMENT

---

- 2019**
  - International instructor, Clubes de Ciencia Peru
  - “Women in STEM” Zoom calls with Becky Shuman’s 7th grade science class, Saranac Middle School, Saranac, NY
  - Invited speaker, Advanced Placement Awards Ceremony, Plattsburgh High School, Plattsburgh, NY
- 2018**
  - “Web Monitoring in the Classroom Builds Information Literacy, Civic Engagement.” Environmental Data & Governance Initiative blog post
  - “Knowing Climate Change: A Student Panel on Accountability and Accessibility.” Student radio broadcast (archived)
  - Panelist, Michigan Institute for Social Change
- 2017**
  - Skype a Scientist - paired with 6th grade science class at Dinwiddie Middle School, Dinwiddie, VA
  - Participant, APECS Polar Science Communication workshop
  - Participant, Interagency Arctic Research Policy Committee
- 2016**
  - Participant, Great Lakes Adaptation Forum
  - “What is Community-Engaged Glaciology?” Guest workshop facilitated at International Summer School in Glaciology
  - Developed instructional case study and podcast about Detroit urban farming (related radio broadcast)
  - “Good COP, Bad COP: Bringing the Paris Climate Talks Back to Ann Arbor.” Event organizer and presenter
- 2015**
  - “City Limits To Climate Change: Climate Justice from Neighborhoods to Negotiations.” *It’s Hot in Here* podcast.
  - Fellow, Michigan Engaged Pedagogy Initiative
  - “Who are natural scientists?” Discussion leader, *Justice Issues in Sustainability & Conservation* seminar.
  - Participant, Michigan Meeting on Academic Engagement in Public and Political Discourse
  - Civil society observer, UNFCCC 21st Conference of Parties
- 2014**
  - Presenter, Chelsea Elementary School Science Night

## PROFESSIONAL ENGAGEMENT

---

- 2019** Reviewer, *Journal of Advances in Modeling of the Earth System*
- 2018** Expert reviewer, Second Order Draft, Intergovernmental Panel on Climate Change Special Report on Oceans and Cryosphere in a Changing Climate  
Environmental Data & Governance Initiative  
Enriching Scholarship—Teaching & Technology conference
- 2017** Skype a Scientist  
APECS Polar Science Communication workshop  
Interagency Arctic Research Policy Committee
- 2016** Great Lakes Adaptation Forum  
Michigan Sustainability Cases curriculum initiative
- 2015** Michigan Meeting on Academic Engagement in Public and Political Discourse
